THIRTY-TWO SHOPS IN THIS ONE STORE

Franklin Simon & Co. Improve Business Methods by Cutting Red Tape.

ginning of the end of the small shops. but although people go to the big stores for the majority of their purchases now they still like the flavor of the small

stomer.
To combine the economy of large op-ation with the attractiveness of the ration with the attractiveness of the small shop and also its advantages derived from specialization has been the object of Franklin Simon & Co. They have found this policy such a success that they have enlarged their thirty-two individual shore the that they have enlarged their thirty-two individual shops the fall, putting each one in charge of a specialist in the particular line of goods sold in that shop, each shop unit being distinct and separate from the other parts of the store. Each shop even has its own packers, who pack nothing but the articles bought there.

Retter service has been found to the conditions of the store of the store of the store.

there.

Better service has been found to result from this method of doing business, a service in which red tape and uncertainties of delivery have been reduced to the minimum. So in the small shop there is attained not only a greater personal satisfaction to the customer by the individual attention he or she obtains and the indefinable something that spells comfort, but also greater efficiency.

incton Hotel.

F. Deming Hoyt and W. McR. Smith have left Maplewood to spend the week at the Mount Pleasant House. Countess de Langier-Villars and Miss Livingston of New York lunched at the Intervale

that it might be very bretty young woman. Plain and simple clothes are the rule Daris," he said. "No one, man or Daris," he said. "No on an evening dress there now.
